📇 Profile

Hi, I'm Guan-Yu, but everyone calls me Chris. With a strong background in software development since 2017, I'm highly proficient in HTML5, CSS3, MySQL, PostgreSQL, JavaScript, and PHP. I'm passionate about continuous improvement and personal growth, always seeking out opportunities to expand my skill set and stay ahead in the ever-evolving tech landscape.

As a results-oriented developer, I thrive in deadline-driven environments and consistently deliver high-quality, efficient solutions. My approach is grounded in collaboration and innovative problem-solving, allowing me to work effectively in team settings and adapt to new challenges. I'm committed to exceeding expectations and delivering impactful results through meticulous attention to detail and a focus on long-term success.
